

BoxClever Car Insurance

What is BoxClever Car Insurance?

BoxClever is a telematics-based car insurance policy that uses a small "black box" installed in your car to monitor driving behaviour in real time. It is a great policy for young or first-time drivers as it uses black box technology to reward safe driving with cheaper quotes, helping you save money while building valuable driving experience.

How does it help me?

Drivers can avail of this competitively priced car insurance product which provides you with an unlimited kilometre allowance from day one.

- ✓ become a better, safer driver
- ✓ build your no claims bonus
- ✓ renewal discount based on your driving behaviour
- ✓ access to 'ratemydriving' customer portal
- ✓ theft tracking device

You'll also receive monthly emails showing you how well you are driving with tips on how to improve.

Enjoy
personalised
renewal pricing,
based on how
you drive!

Human about insurance

Acceptance criteria terms & conditions apply. One Direct (Ireland) Limited, trading as An Post Insurance, is regulated by the Central Bank of Ireland. One Direct (Ireland) Limited is a wholly owned subsidiary of An Post. BoxClever Car Insurance is underwritten by AIG Europe SA.

Why Choose BoxClever?

Unlimited kilometres included

No kilometre cap, you drive as much as you need.

Potential for lower premiums

Safe drivers can benefit from more competitive pricing.

Rewards for safe driving

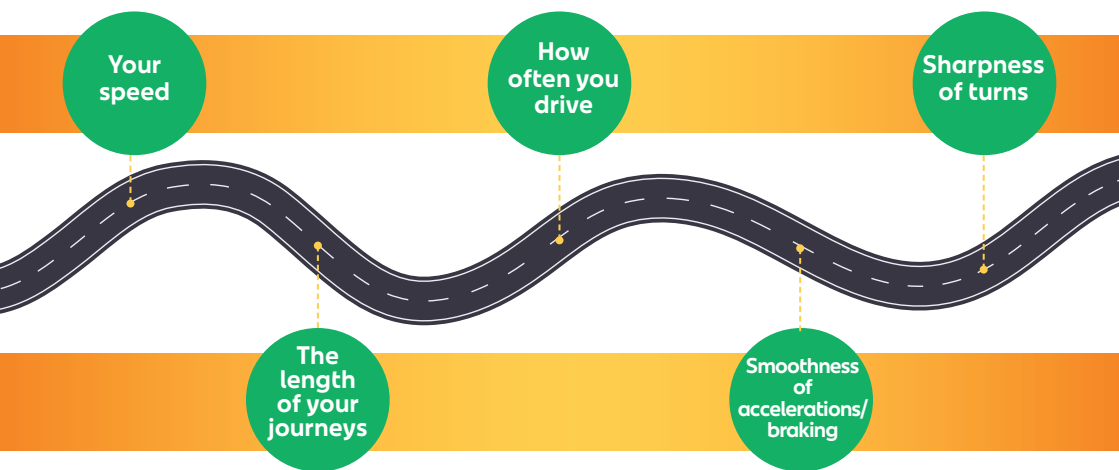

If your driving score reflects safe habits, this may contribute to a better renewal premium.

Accident & theft support

Telematics can assist with accident detection and provide GPS data to help locate your vehicle if it's stolen.

How does it work?

The BoxClever black box device collects a range of data about your driving. This data typically contains:
